

APRIL NEWS

What's happening...

We finished our study unit about Balls. Lots of preschoolers have been telling us that they want to learn how to juggle! Watch out! We will be studying Pets these next two weeks before our spring break. Our focus questions include: What kind of animals are pets? What are some of their characteristics? How do we take care of pets? Find out what your child can tell you about our classroom pet (gecko)!

Kindergarten visit:

Preschoolers who will be going to kindergarten in the fall will have the opportunity to visit a kindergarten classroom. The visit will take place during regular class times. Students who live in Wood River will ride the bus to Lewis & Clark Elem. for this visit. We will let you know as soon as we have the date set, and permission slips will need to be completed and returned.

Trike-a-Thon

It's time for our second annual St. Jude Trike-a-Thon! We will be sending home more info about how to participate and donate. We will spend some time in the classroom learning about bike safety and how our special event can help children at St. Jude hospital. The big event will take place on Thursday, April 27 during class times. Please join us to cheer the kids to the finish line!
